
To the pilot of the Flight Number MS 0788* Egypt Air,
from Munich airport on 24.03.2007 at 14:10 with the destination Kairo.

Dear Mister PILOT,

I am strongly concerned about the imminent deportation of Solomon Haile-Tesfamariam with your flight MS 0788, Egypt Air, from airport Munich on 24.03.2007 at 14:10 with the destination Kairo. I ask You not to fly with this passenger who does not want to go with you but who is forced and will be bonded and watched by police! There are obligatory demands of German Association of Pilots (Cockpit) that forced passengers should not be transported by pilots. I ask you to follow up these demands for the security of all passengers or to follow your human judgement that nobody should be violently forced to go anywhere. Mr. Haile-Tesfamariam fled from military service during the war between Eritrea and Ethiopia. For this reason he fears persecution, arrest and torture in case of his return to Eritrea. He announced to resist physically against his deportation, which means that the security of the flight and the passengers could not be fully guaranteed.

Please be so kind as not to transport Solomon Haile-Tesfamariam and any other forced-to-fly-passenger!

I support the following fax-campaign of the Caravane and others.
